

**HARRIS CITY COUNCIL
Emergency Email Meeting Minutes
November 5, 2025**

Mayor Carlson authorized an emergency meeting to be held via Email for an Email Vote.

A water leak at 6855 Sunrise Road was suspected due to a report from resident Jodiann Wisehard that a vehicle sank into the soft ground near the front yard.

Upon investigation, PeopleService confirmed that the curb stop has a leak. The resident suggested the damage may have been caused by a private contractor.

- **Repair Cost:** Jones Construction provided an estimated repair quote of \$5,500.
- **Liability:** George Valvoda from PeopleService believes the damage is not the City's fault, and the cost should ultimately be charged back to the customer.

Will City Council authorize the repair by Jones Construction so we can stop the leak? Also, if she does not pay, we can add it to the property taxes.

Voting in favor: Carlson, Pearson, Borash, and Siedow. Motion carried.

City Clerk – Shannon Geier

Randy Carlson - Mayor
